

Welcome to Sunshine

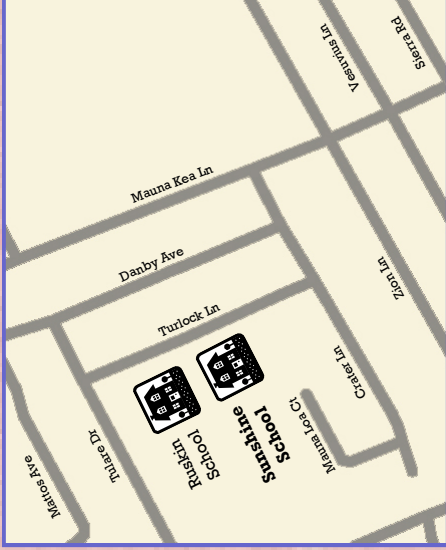

Welcome to the Sunshine After School programs! Our After-School programs provide children in kindergarten through sixth grade with the opportunity to engage in meaningful relationships with other children and staff. Our programming and supportive environment encourage children to participate in activities and experiences planned to benefit them emotionally, physically, and socially.

Special emphasis is placed on establishing a child's self-esteem and confidence. We do this by designing our programs to cover a wide range of age-appropriate activities that foster our core character values: caring, honesty, respect, and responsibility.

Sunshine programs strive to support and strengthen family relationships and

provide a sense of community with their families. We serve all children and families across our community.

Sunshine is simply a great place for bright minds with bright future.

Sunshine After School is conveniently located inside and next to Ruskin Elementary School.

SUNSHINE AFTER SCHOOL PROGRAM

Sunshine School is committed to providing a safe and nurturing environment that allows each child to develop a healthy spirit, mind, and body.

Our philosophy in the After School program is to create a friendly, supportive atmosphere where children feel encouraged to develop new skills, enhance old talents, and establish positive, lasting relationships with peers and staff.

Staff

Our Staff is chosen for their sensitivity, dedication, and love for children. Each day, we bring experience and extensive training to Sunshine, providing your child with quality programming, guidance, and character development.

Staff are required to attend regular trainings so that they are equipped to provide enthusiastic, top-quality care to each child and to be sensitive to each child's individual strengths and needs.
