# Spanish Class

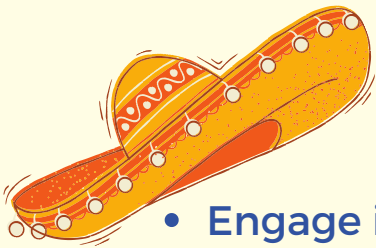

---

**THROUGH FUN ACTIVITIES, GAMES, AND IMMERSIVE EXPERIENCES, STUDENTS WILL DEVELOP A SOLID FOUNDATION IN BASIC SPANISH COMMUNICATION.**

## Class Highlights:

- Students will be surrounded by Spanish from the start, cultivating a natural understanding of the language
- Hands-on activities like role-playing, crafts, and games keep lessons dynamic and entertaining
- Explore diverse Hispanic cuisines, learning about traditional dishes and their significance
- Lessons are tailored to suit different age groups, ensuring age-appropriate content and challenges

## LEARNING OBJECTIVES:

- Engage in simple conversations using everyday phrases
- Count and perform basic arithmetic in Spanish
- Describe common objects, colors, and animals
- Express likes, dislikes, and preferences in Spanish
- Navigate common scenarios such as greetings, ordering food, and asking for directions
- Gain an appreciation for Hispanic culture through stories, songs, and traditions

# DIGITAL ART

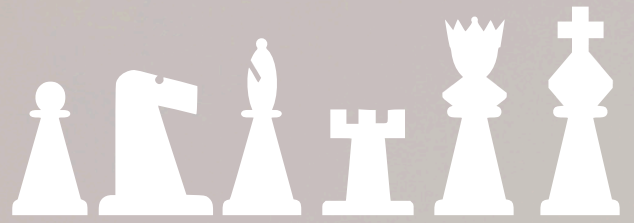

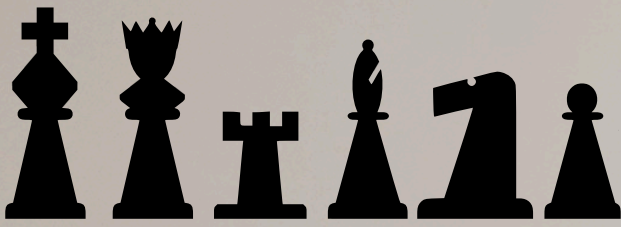

The Digital Art class is for students who are interested in learning how to use digital programs to create art.

This class serves as an introduction to digital art using Procreate on the iPad. Students can create artwork from a variety of subjects, including but not limited to cartoons, manga, and comics.

Unleash your  
creativity with the  
world of digital  
creations!!

For grades 3+  
Materials: Procreate  
(\$12.99, one time), iPad  
Pro+ Apple Pencil

# CHESS CLASS

Sunshine School has teamed up with the Castle Chess Program to host fun and exciting chess classes for all ages.

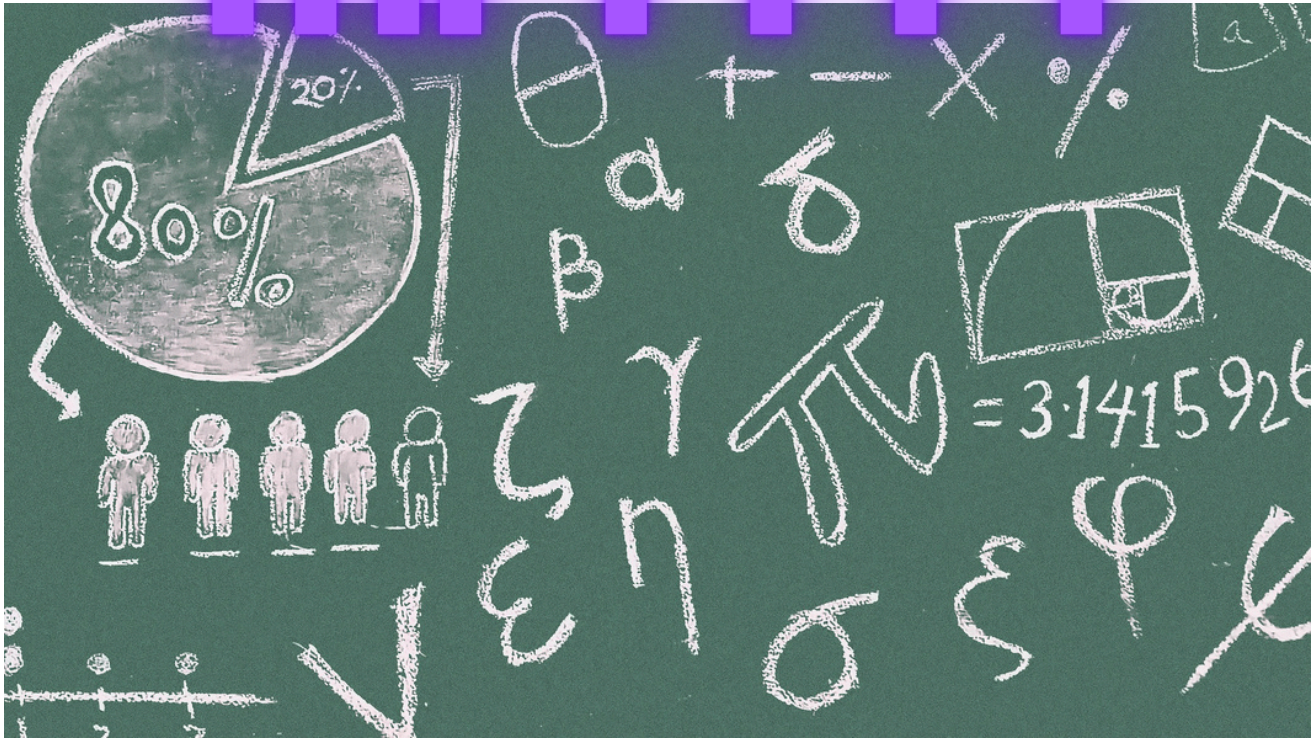

The program is for beginners and intermediate chess players alike! Castle Chess is made up of long time passionate chess teachers with years of experience.

Learn the essentials of chess tactics, strategic planning, and friendly competition through easily digestible modules/lesson plans.

# COMPETITIVE MATH

**The Math Trek program at Sunshine prepares students for a variety of math competitions. This program is an exciting learning class which will give students the tools needed to excel, regardless of math ability.**

**The class is focused heavily on arithmetic using elements of Singapore Math. Students will be taught different methods to solve complex problems and compete in math competitions with confidence.**
